WISDOM Educational Institute (formerly known as WISDOM Educational Foundation) is an educational institute formed with a view to provide a platform to students from different states of India to display and promote their mathematical and science talent. Twenty five years of successful conduction of Mathematics Scholarship Examinations, WISDOM Educational Foundation is conducting science scholarship examinations for the last six years along with Mathematics. With the ever increasing competitiveness, increased number of qualification exams and the wide area of subjects being brought under these exams it has become important that we prepare ourselves in a better way and for a better future.

Many people find mathematics a tough subject, just because they are not aware of the proper technique to solve mathematical problems. Once a proper technique is adapted, Mathematics can be a really enjoyable subject. To make students learn and master this technique WISDOM Educational Foundation conducts a Scholarship examination in different states of India .

Appearing for this exam clears the basic concepts of mathematics, develop the ability to think faster and make quicker mental calculations. The experience of appearing for this type of competitive examination also develops confidence amongst students, which helps them immensely in their future academic careers.

Science needs clarity of concepts and understanding of phenomenon. Students should be capable of relating things around them with the subject to understand the associated cycles or processes involved. WISDOM's curriculum, the text book and associated exercise aim at cementing these basic principles so that students can easily study and understand more advanced and complex topics they would be studying in the future.

Appearing for the exam will help students understand the cause and effect of things in a scientific manner. They will be able to then study more complex phenomenon which are a part of the educational curriculum with ease. The multiple choice exam structure will ensure that students study to clarify doubts and understand a phenomenon rather than accepting it blindly. Students will develop affection and love for the subject which will reflect on their academic performance.

ELIGIBILITY

Students of 3rd, 4th, 5th, 6th, 7th and 8th standards of recognised schools can appear for this scholarship examination.

MEDIUM OF EXAMINATION

Examination is conducted in English only. Examination may be conducted online, offline or in both ways depending upon the conditions prevailing at that time. The institute reserves the right to decide the nature of conduction of the examinations.

NATURE OF EXAMINATION : MATHEMATICS

The conceptual knowledge of mathematics and capacity to apply it properly will be tested in the scholarship examination. The question paper will be of 100 marks to be solved in **1 hour 30 minutes (90 minutes)**. All 50 questions will be of objective type carrying 2 marks each. Each of these 50 questions will be supplied with 4 alternative answers of which the correct one is to be found out by the student. Answers are to be marked by blue or black ball pen by darkening circles on the OMR sheet provided along with question paper. (Read instructions printed on OMR sheet. Sample answer sheet can be viewed on our website). The instruction sheet and all the details for online line examination will be uploaded on website well in advance of the examination date.

NATURE OF EXAMINATION : SCIENCE

The conceptual knowledge of science and capacity to apply it properly will be tested in the scholarship examination. The question paper will be of 100 marks to be solved in **1 hour 15 minutes (75 minutes)**. It will contain objective type 100 questions carrying 1 mark each. Each of these 100 questions will be supplied with 4 alternate answers of which the correct one is to be found out by the student. Answers are to be marked by darkening circles on the OMR sheet provided along with question paper. (Read instructions printed on OMR sheet. Sample OMR sheet can be viewed on our website). The instruction sheet and all the details for online line examination will be uploaded on website well in advance of the examination date.

SYLLABUS : MATHEMATICS

The syllabus will be of advanced level than the regular text books of respective standards. Books containing definitions and explanations of mathematical concepts, solved examples, demonstrating methods to solve different types of mathematical problems and ample problems for practicing will be made available for each standard at institutes participating in the scholarship examination.

SYLLABUS : SCIENCE

The syllabus will be of advanced level than the regular text books of respective standards. Books containing definitions and explanations of scientific concepts will be made available for each standard at schools participating in the scholarship examination.

Scholarship amount will be transferred online. For details, students should read the note displayed above the merit list when declared .

CENTERS AND CENTER CODES FOR EXAMINATION :

New centers are added every year where more than 50 students appear. In such cases the authorities should contact our office by email or phone for center code.

Akola (01), Amravati (02), Aurangabad (03), Buldhana (05), Nagpur (07), Nanded (08), Nashik (09), Pune (10), Sangli (11), Beed (18), Yavatmal (027) Others (30)

Mention center code (written in brackets) on application form.

Wisdom Educational Institute reserves the right to cancel any center if the registered students are less than

50. In such cases the closest center will be allotted.

CRITERIA FOR MERIT RANKING

Ranking of merit list will be done in descending order of the marks .

SCHOLARSHIPS, MEDALS AND PRIZES

Ranking of merit list will be done in descending order of the marks.

If there are more than two students on the same marks then the same rank will be given to the two students while the next rank will not be considered. The scholarship amount will be distributed equally among the students scoring same marks.

Example : If there are two student scoring same marks on rank 1, then both the student will be given Rank 1 while rank 2 will not appear in the list. The next student after the two students will be given Rank 3.

Scholarship amount for rank 1 is say Rs. 2000 and for rank 2 to is Rs. 1500 and the two students are on rank 1 then the two students will get Rs. 1750 each (Rs. 2000 + Rs. 1500 = Rs. 3500) (Rs. 3500 is divided equally between two students. i.e Rs. 1750 each.

Scholarship Amount :

| | | | | | |
|-----|----------|------|---------|--------------|-------------|
| 1st | Rs. 2000 | 6th | Rs. 700 | 11th to 25th | Rs.200 each |
| 2nd | Rs. 1500 | 7th | Rs. 600 | 26th to 50th | Rs.150 each |
| 3rd | Rs. 1200 | 8th | Rs. 500 | | |
| 4th | Rs. 1000 | 9th | Rs. 400 | | |
| 5th | Rs. 800 | 10th | Rs. 300 | | |

Along with the scholarship, merit certificates will also be awarded to merit rank holders,

Gold, Silver and Bronze medals will be given to first three rank holders of each standard.

* Students scoring minimum 50% marks of the highest scorer only will be listed in the merit list subjected to a maximum of first hundred students.

SPECIAL INSTRUCTIONS

Please note that once the form is received at our end no changes like change for standard , change for examination centre or medium will be entertained. In such cases a fresh form along with the fees should reach our office before the due date.
